LORETTA LOVELESS

Straight outta suburban Catholic schools, Loretta Loveless is a good talker and a fierce fighter. When she's not brainstorming ideas for new burlesque skits, you might find her honing her sharpshooter skills at the local shooting range, organizing her extensive knife collection, or knocking back dirty martinis and arm wrestling strangers. She also freelances as an assassin for hire, but you probably can't afford her rates.

MISS HAPHAZZARD

Hailing from the harder side of Harlottesville, Miss Happhazzard mixes mash-ups with trash-ups and brings boogie back to the beatless. She sings badly, dances like a remix album, and cries during most movies. Sometimes miss plays with records, sometimes she plays on her computer, but miss's not happy until everybody is squirming and squealing, frenching and feeling.

NASTALIE

Watch out for your armpits with this one, Nasty will lick 'em clean, because we all know that cleanliness is next to nastalie-nss. Nastalie hails from the depths of your heart and will take it with them when they leave. Dirty dancing's the name of their game, and nobody loses on this dancefloor. Covered in bite marks and ready to give a few out, they live up to their puppet name Nasty-Lay.

LIL' PETEY PORKEMHARDT

Jumped off the pages of a nineteenth century fairytale and onto the stage at a very young age. Petey discovered debauchery and corruption while touring as a stage hand and understudy for snake charming, sharp shootin', breath taking circus freak shows around the world. After escaping the show with Petey's new-found comrade, The Bearded Lady, Petey gallivanted, pranced, and jaunted through speak easies and brothels, becoming evermore stripped of his innocent fairytale past. Petey wailed gypsy freak show tunes on the street corners of Europe until he was swept away by the allure of Burlesque. When Lil' Petey is not on stage or behind a guitar, you will find him honing his snake charming skills on just about anything...or anyone.

ZAZA PEDDALS

Born in the neighboring andromeda galaxy, ZaZa pedaled her way to planet earth searching for a good story to write. When she's done with her day job as a phone whore, she's busy making moonshine, sawing on her fiddle and almost sleeping with anything that moves. Watch out for this frisky one, or she'll bend you and your heart in half!
